How to play

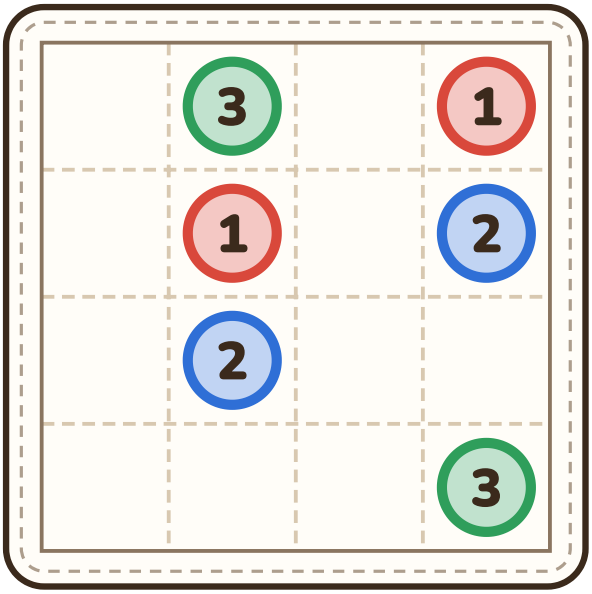

One rule, 100 puzzles — from easy to hard

1 Connect each pair of matching numbers with one thread.

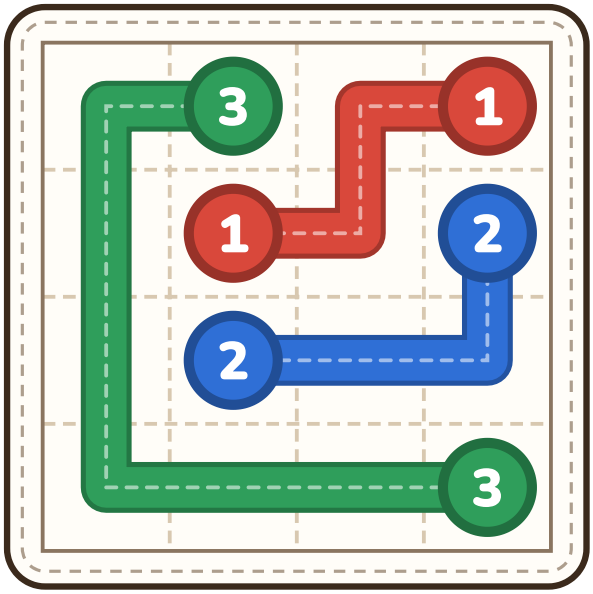

2 Threads go up, down, left or right — never diagonally, never crossing.

3 Fill every square of the cloth.

Example

Solved

Tips: start with buttons in the corners and along the edges. If a square can only be reached by one thread, that thread must go there. Pencil first, pen when sure. Answers are at the back of the book.
